**TRI-STAGE FILTER BOTTLE**

Aqua Cooler's most recent edition to the product line has certainly had a promising start! Designed with a 3 stage filter system, the Tri-Stage Filter Bottle is suitable for all Aqua Cooler bottle water coolers. Its modern features suit all environments and its crisp, sapphire coloured reservoir is beautiful, but more importantly, durable. With replacement filters available, this is the ultimate economical system, providing pure, fresh & clean drinking water. For more information, please contact the always friendly, Aqua Cooler sales team. Tel: 02 9721 9333
