Aqua Cooler Re- launches the Square Water Cooler

Aqua Cooler Pty Limited, the Australian owned and operated water cooler and drinking fountain manufacturer, has recently announced the Re-launch of its Modern Square Water Cooler Range which is proudly manufactured in Australia.

The range which offers customers an alternative shaped exterior to the ever popular round series coolers, includes both Bottle and Point of Use models, catering for both Filter and Water businesses alike.

The cooler is available in an aesthetically pleasing 'granite look' finish to perfectly compliment home and office kitchen surroundings, and has the choice of hot & cold or room temperature & cold tap outlets.

Aqua Cooler offers a number of handy accessories for its coolers including filters, cup dispensers, bottle stackers and its exclusive Cooler Clean rinse and spray cleaning solutions.
