

JULY

SQUARE POINT OF USE WATER COOLERS

Aqua Cooler has a fantastic range of Modern Square Point of Use Water Coolers available for purchase. The Australian Made units are cleverly designed to allow for a connection to most filtration systems. This product aims to benefit filtration businesses who want to provide ongoing support for their customers where they can regularly change filters and provide a service on the unit. All units undergo rigorous testing procedures prior to dispatch and come with a full manufacturer's warranty.

For further information, please contact the friendly Aqua Cooler Sales Team on 02 9721 9333.
