

## **NOVEMBER** M SERIES DRINKING FOUNTAINS

Our most popular mains connected unit (The M Series) provides a range of drinking fountains suitable for most applications, including schools, hospitals, construction sites, universities, and factories. Units are available in 3 different sizes:

**Light Duty** 10 litres per hour  
**Medium Duty** 19 litres per hour  
**Heavy Duty** 26 litres per hour

Additional options include an internally fitted filtration system and stainless steel cabinets (colourbond is standard).

For further details on this extensive range or to place your order, please contact the Aqua Cooler sales team. Tel: 02 9721 9333
